IS BECOMING INTOLERABLE Pekin, Nov. 25 .- Premier Yuan Shi Kal's position is becoming more intolerable daily. Neither the Manchus nor the Chinese trust him and the Manchus are becoming more suspici-

ous all the time. The moderates do not heritate to say that if Yuan had remained at Chang Te Fu the court would now be at Jehol and the rebellion ended. Many Chinese believe that while Yuan is reassuring foreigners with a view to obtaining a loan and placating the moderates with pretended pacific measures he is in reality intent upon sternly crushing the rebellion with force. The continued fighting at Hankow and in vicinity of Nanking is taken as lending color to this belief. The imperiolists, after an attack upon Hankow that laste for 35 hours were repulsed last Thursday and driven back across the Han river with great loss.

GENERAL FIGHT OCCURRED IN THE MIDDLE OF ZARRAGOSSA STREET, BETWEEN BAYLEN AND PALAFOX, A DOZEN MEN ENGAGING IN IT AT ONCE.

Probably the best exhibition of puglilsm ever witnesed in Pensacola was seen by a large and promiscuous crowd last night shortly after 11 o'clock on West Zarragossa street, between Baylen and Palafox. The scrapping was right out in the middle of the street and was free for all, fully a dozen men engaging in the affair, to say nothing of those who, in attempting to act as peace-makers, got some of the punishment without intending to do so. The affray continued for several minutes, being finally ended when the inmates of one of the nearby houses blew a police whistle and summoned the officer. Although the crowd dispersed quickly when the whistle blew, four of them were arrested by Officer Way.

What the fight began about nobody seemed to know or care. Two men began fighting and before those who were watching the affray were aware of it three or four courles were entertaining each other at a rapid clip. Occasionally, it would appear that the beligerents would get their partners mixed, but it did not seem to matter. At any rate, anyone even looking like he wanted to spar a little had no trouble in finding a partner. In fact, that farce of a fight at Reno did not compare with the free exhibition last night, which was really some fight. The following were arrested by Officer Way on the charge of fighting: Joe Rosario, Roy Burns, Lem Davis

By Associated Press.

Atlanta, Ga., Nov. 25.-Openly delaring that the time has come when here is not room in this country for wo organizations of labor engaged in the same industry, the American Federation of Lalor today unanimously dorted a resolution instructing the resident and the executive council to arry into effect the sentiment of "one craft, one organization." In taking this action on the recommendation of he adjustment committee the convention held that by this means alone can factional disputes in the various crafts be eliminated.

A sensation was sprung on the floor of the convention today when P. F. Richardson, of Chicago, president of the International Association of Car UIJUIIANULU U Workers, surrendered the charter of that organization.

President Gompers, in accepting the charter, denied the authority of Presdent Richardson to take that action. He stated that the charter would be turned over to the secretary of the federation, who would notify the car workers that the charter was held and would be turned over to the proper of icers of that organization.

These included the dispute between the International Seamen's Union and the International ongshoremen's Association over the interpretation of the decision by President Compers of the division of labor between the two organizations. This matter was referred back to Mr. Gompers for further consideration,

The controversy between the International Brotherhood of Teamster and the International Union of United Brewery Workers, which from the evolution of the distribution of mineral water, was referred to the president and the executive council of the federation for investigation and appropriate action.

Because the present convention of the American Federation of Labor has granted the United Brotherhood of Carpenters everything it has asked in the matter of compulsory amalgama tions, this organization, with a mem bership of two hundred thousand, to day agreed to re-enter the building trades department and abide by its
